

PRIMARY ARGUMENT IN FAVOR OF MEASURE L

YES on L – Local funds for local needs! In today's uncertain national climate, Seaside must have local control over our fiscal stability, beautiful surroundings and quality of life.

YES on L ensures our City can maintain and enhance vital services such as street maintenance and storm drain repair, youth violence prevention programs, police and fire emergency response services, clean water, public parks, and senior programs.

YES on L keeps our families safe by expanding drug and gang prevention efforts, and after-school programs that keep kids safe, off the streets and out of trouble.

People live in Seaside because of its small town character and beautiful natural surroundings. We must comply with state and federal clean water laws – our local beaches were closed just recently due to the dangers of toxic urban runoff!

Our Monterey Bay sea otters, sea lions, and whales are being harmed by urban runoff and water pollution, which has affected the number of sea otters in our habitats.

YES on L upgrades Seaside's storm drains and prevent toxic chemicals from entering gutters, moving through drains and being dumped in coastal waters where it's hurting marine life, our water and our environment. We can do our part locally to protect our beauty for future generations!

YES on L includes strict fiscal accountability, including mandatory annual independent financial audits to ensure funds are spent on OUR priorities, efficiently and effectively. By law, every penny from Measure L must stay in Seaside.

Measure L is NOT a tax on your home or property, and is not applied to groceries or prescription medication. Visitors to Seaside share the cost.
